STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Nursing ("Board") upon receipt of respondent's petition for reinstatement of her nursing license, which had been suspended by means of a Final Order of Discipline entered on November 7, 2014. The basis for the suspension was respondent's failure to respond to a Board inquiry concerning allegations that she ignored a Do Not Resuscitate order, and a request for documentation of completion of required continuing education. The Final Order also imposed a \$500

civil penalty for the failure to respond to the inquiry, in violation of N.J.A.C. 13:45C-1.2, -1.3, as well as a reprimand for misrepresentation on her 2012 renewal application as to the status of completed continuing education, and a \$250 monetary penalty for the failure to timely complete nursing continuing education in violation of N.J.A.C. 13:37-5.3.

Respondent has belatedly responded to the Board inquiry and provided all the information originally requested, maintaining that she did not receive the Board's original inquiry. Respondent has also provided documentation of sixty (60) contact hours of nursing continuing education, all of which was belatedly completed in February of 2015, and she has paid the \$750 in civil penalties imposed by the Final Order of Discipline of November 7, 2014.

The Board finding that respondent has satisfied the conditions for reinstatement imposed by the November 7, 2014 order, and for other good cause shown;

IT IS on this 7<sup>th</sup> day of May, 2015,

ORDERED that:

1. Respondent's petition for reinstatement of her license to practice nursing in the State of New Jersey is granted upon review and approval of any required fees and documents that may be applicable.

2. Respondent may not utilize the continuing education completed in February of 2015 to satisfy her 2014-2016 continuing education obligation.
